Miners Vote Against Electing Delegates to Meet in Calgary May 11

Favor Present Set-Up of Local Union

Coleman Miners' Association, independent of affiliation with the Mine Workers' Union of Canada, or the United Mine Workers of America, at a meeting called to appoint delegates for the purpose of attending a meeting in Calgary on May 11, to consider the organizing of all miners of Alberta and British Columbia under the United Mine Workers of America, voted against the proposal.

Coleman miners in the past have been affiliated with both Canadian and American organizations, but Communist "boring from within" caused them to withdraw from the Canadian union, with which they affiliated after withdrawing from the American union.

There is a feeling apparently that the motive behind the move is liable to develop the same unsettled conditions which prevailed under Communist domination of the Canadian union, with which was affiliated with the Workers' Unity League.

Since 1932 Coleman Miners' Association has made working agreements with the International and McGillivray companies, committees of men from each mine negotiating with the managements. The vote of their latest meeting indicates that the majority favor continuing on this basis. There was a heavy attendance at the meeting, J. Atkinson, president, being in the chair.

MULES AND CARS COLLIDE

Jesse L. Miller, proprietor of the former occup., J. by Jones' Motors, and Dan O'Leary, an employee, narrowly escaped death on Sunday evening on the return trip from Calgary about eight miles north of Okotoks, when two trucks obstructed them on the highway. In order to escape crashing into the mules, Mr. Miller plunged the car into a five-foot ditch, the car turning over three times before coming to a stop, right side up. The car was owned by Ben Chou, proprietor of the Coleman Cafe.

PASS MUSICIANS AT CRANBROOK

Mr. W. H. Moser and Miss Madeline Chardon gave a recital on Friday evening under the sponsorship of the Women's Auxiliary of Cranbrook United Church. Pupils of both teachers, including George Kerr, Lawrence Fisher, Frank Hoek and others took part in the program.

MUST FIGHT TO WIN

Individuals with an inferiority complex often fall for the wiles of those from outside their town who induce them to spend money for goods or services which could be procured locally on as favorable or even better conditions. This is not the way to build a town.

If your cash can be spent to advantage in your home town, that is the place to spend it. Any business house which does not deal fairly with its customers will lose. But, every business man and every consumer can play an important part in developing trade in Coleman.

Do not overlook the fact that "loss leaders" can be used as a very effective bait to induce to spend your money anywhere but in your home town. Above all, merchants must use aggressive marketing methods in order to retain the goodwill and patronage of customers. It cannot be a one-sided affair.

ST. PAUL'S CHURCH TO APPOINT MINISTER

A special meeting of the congregation of St. Paul's United Church will be held on Sunday, May 10th, at the close of the evening service for the purpose of appointing a minister. All members and adherents are earnestly requested to attend.

ST. PAUL'S UNITED CHURCH

Morning and Evening services will be held in St. Paul's Sunday with Rev. Roy Taylor preaching. In the morning the theme will be "Glorifying the Commonplace." The junior choir will lead the singing. The Sunday school will meet at 12:15. Last Sunday there was a considerable increase in the number of scholars, and the attendance at the morning service was very encouraging. In the evening the theme will be: "First Things First."

The Official Board will meet next Sunday at 2:15 p.m. sharp; a full attendance is requested as the business is important.

MANY TRANSIENTS ARE KILLED ON RAILROADS

During 1935 there were killed on the Canadian Pacific Railway 55 transients and 115 were injured; on the Canadian National 79 were killed and 127 injured; total casualties of 376. This shows the risks men face in riding freight trains, and as there is danger of this number being increased to an alarming extent, the R. C. M. P. throughout the Dominion have been instructed to use every effort to rigidly enforce the provisions of the Railways Act against trespassers.

THE VALUE OF PAID CIRCULATION IS IMPORTANT

Bonafide paid for circulation of a newspaper is the most valuable to the advertiser. Anything distributed free is valued accordingly. Audited circulation statements of recognized newspapers are prized assets, and determine the value of advertising. The newspaper stands supreme above all other mediums as an advertising medium of guaranteed value. However, it is an asset to the community in which it is published, performing a service far above that of merely soliciting advertising. That is why enterprising merchants with pride in their community advertise in The Coleman Journal.

Find the mis-spelt word.

Central High School Talk Again

Was Recommended by Late Inspector Gorman to Be Established in Coleman

That hardy old perennial topic discussed over many years by school trustees of Pass towns, has loomed up again. This was recommended by the late High Schools Inspector Gorman to be built there. The same reasons still exist as when Inspector Gorman gave his decision. Coleman has the largest school district, it will be called on to contribute the largest share of taxes.

It is high time that Coleman ratify their assertion through the school board and town council that they will not stand for any further plums going to Blairmore. In the past the town has sat down most supinely without raising a finger and allowed political favors to go to Blairmore. It has the court house, the telephone office, the booze warehouse, and now it is again making a bid for a central high school. Business men of Coleman should assert themselves. They have never made a bid to get things and they have got just what they deserved. It is time they got some fighting spirit in them and let it be known that this is a place to be reckoned with in the general scheme of things.

They run to Blairmore for automobile licenses because there is no one to be expected to give them; for other services, and not a few people run there for their groceries and other needs. Such an inferiority complex on the part of some makes one wonder if they have any pride in themselves of their home town. And when you ask some for a \$2.00 subscription for Board of Trade propaganda, you receive a look as cold and stony as a despondent cow looking mournfully over a five-barred gate. It's time to wake up. There are too many always waiting for "George to do it."

BLAIRMORE MOTORS GIVE PICTURE SHOW

Chryslers and Plymouths were shown in action on the screen in a moving picture display by J. Whiteak, Alberta manager for the Chrysler Corporation. Cars were shown undergoing the most severe tests in driving, indicating the extraordinary strength of the cars and their ability to take damage far beyond that occasioned in ordinary driving.

The automobile pictures were interspersed with humorous short features, which proved particularly interesting to younger people of whom a large number were given a free show in the afternoon, and older people in the evening. The youngsters turned up in such numbers at the night show they had to be turned out to make room for older people. Charles Sartoris of Blairmore is the Pass dealer.

TRAIL PLANS HIGH TAX ON DOGS RUNNING AT LARGE

Following receipt from the city legal department that dogs of the police type could not be prohibited from within the city limits, Trail council definitely decided to charge a fee of \$15 for any police dog, Alsatian dog, German shepherd dog, German police dog, Belgian shepherd dog, Belgian police dog or huskie, or any dog which wholly or partly is one of such breeds, in regular session recently. These dogs will have to be on leash while travelling about the city and under direct custody and control of some competent person.—Cranbrook Courier.

ST. ALBAN'S CHURCH NOTES

Anglican service will be at 11:15 a.m. and Sunday school at 12:30 p.m.

ST. JOHN AMBULANCE ASSOCIATION EXAMINATION

Col. Snell, of Ottawa, acting director-general of St. John Ambulance Association, examined the First Aid team of McGillivray Creek Coal & Coke Co. Ltd. on Sunday evening. The team includes Archie McCulloch, captain; A. S. McIntosh, W. Lonsbury, W. Anderson and Tom Brennan. During his stay here Col. Snell visited the mining officials and the mine doctors. Results of the examination will be made known when Col. Snell has completed his tour of the Dominion and compared the marks awarded in the various teams entered in the competitions. John Rushton is "honorary secretary of the local branch of the Association, an office he has faithfully filled for many years.

LOCAL NEWS

The resignation of Rev. Roy Taylor, to take effect June 30, is before the congregation of St. Paul's for their disposition.

Mr. Crook, of Edmonton, representing Colin S. Groff's new magazine, "Western Canada Outdoors," was a week-end visitor in town.

Hon. N. E. Tanner, speaker of the provincial legislature, was a guest of Rev. Roy Taylor and Mrs. Taylor on Friday last. Mr. Tanner was assisting Mr. Taylor in meetings in the Pincher constituency.

Miss Jean Cruickshank returned to Calgary on Sunday where she will resume music studies, after spending the Easter holidays with her parents, Mr. and Mrs. G. E. Cruickshank. She was accompanied by James Marshall, who is also studying music and business courses in Calgary. James spent the holidays with his parents, Mr. and Mrs. S. Marshall.—Hillcrest Item in Lethbridge Herald.

Journal ads. are business-getters.

Footballers Organizing

A meeting of football enthusiasts was held in the council chamber on Friday evening for the purpose of re-organizing the club for the season. Officers elected were: president, J. Emmerson; vice-president, J. Hadley; sec.-treas., J. Park; executive, J. Moore, P. Sharp, G. Ford, A. Easton; trainers, R. Lloyd and J. Smith. Plans are in progress to raise funds and a determined effort will be made to have a first class team represent Coleman.

J. Emmerson and J. Moore represented Coleman at a league meeting at Michel where Kimberley's entry into the league was discussed. B. C. teams are in favor of Kimberley's entry. A compromise was made by the Alberta teams, who find financing a trip to Kimberley too heavy, to the effect that Kimberley play their home games against Alberta teams at Fernie. A decision is now awaited from Kimberley as to what action they will take.

Miss Margerite Uhrin of Bellevue and Bruno Gentile were married this morning.

Mrs. J. A. McDonald was hostess to a number of friends at a bridge party this week.

Miss Kathleen Kilgannon of the Bank of Commerce staff at Lomond visited her mother here this week.

Mrs. Alex. Cornett, who was recently called to Amisk owing to the serious illness of her sister who later passed away, returned home this week.

May 24 Celebration at Bellevue

United Church Will Organize Appropriate Program for Victoria Day—May Queen to Be Crowned in Open Ceremony

Many from the Pass towns last year were delighted with an open-air entertainment arranged by Rev. and Mrs. Upton, of Bellevue United church, in which they were assisted by many local young people. The crowning of the May Queen, and the pretty dances in costume by her court of young ladies still carry pleasant memories.

This year a novel program will be arranged, in which many young people will take part. Already six young ladies have been nominated for the honor of being selected by vote as the May Queen. Each ticket sold will carry a number of votes, which may be used towards electing your choice. The proceeds will be used for the building fund of the Bellevue church. The program will provide a very interesting afternoon's entertainment on Monday, May 25, as the 24th falls this year on Sunday.

SAVATION ARMY

Friday: 7 p.m. Young People's meeting. Sunday: 10:30 a.m. Directory class; 3 p.m. Sunday school; 7:30 p.m. Salvation meeting. Monday: 7 p.m. Young People's Legion meeting. Tuesday: 7 p.m. Home League meeting.

Motor Cavalcade Carries Italian Troops Towards Addis Ababa

Dessay, Ethiopia.—A tremendous Italian motor cavalcade, carrying 15,000 troops, roared off from Dessay on the road toward Addis Ababa. The departure, Italian officials hoped, would be the beginning of the final move in the war.

As the sun rose over the hills of Emperor Haile Selassie's former headquarters, more than 1,000 trucks, each carrying 15 men, thundered out of Dessay.

This entire white army column, it was indicated, will form the spearhead of the Fascist thrust toward the capital.

Native troops and other Italian soldiers were already far ahead. Auxiliary trucks to replace those which might break down, and tremendous quantities of supplies, went out with the soldiers, as did machine guns and motorcycles.

Most of Dessay's population assembled to cheer the start of the Italian push to the south. Long lines of natives who have submitted at Italian headquarters watched the departure.

There was none of the truck-bogging rain which the Ethiopians have expected to aid them so greatly. Sunshine poured down on the tropical, flower-bedecked landscape.

The Italians only last week reached Dessay, which is about 175 miles north and slightly east of Addis Ababa. The city had been the northern headquarters of Emperor Haile Selassie before he suffered severe defeat.

Recent despatches said Ethiopians were tearing up sections of the Dessay-Addis Ababa road to make the Italian advance toward the capital as difficult as possible.

Total Expenditure High

Unemployment Relief Cost Canada \$15,820,330 During Fiscal Year

Ottawa.—Total disbursements of the Dominion government in connection with unemployment relief, for the fiscal year which ended March 31, was \$15,820,330, according to the annual report of Harry Hereford, Dominion commissioner of unemployment relief. The report was tabled by Labor Minister Norman Rogers in the House of Commons.

Grants-in-aid to the provinces accounted for \$26,274,875 of the expenditure, while money spent on Dominion undertakings totalled \$7,658,078. The government spent \$6,587,284 on the trans-Canada highway, the remainder being distributed among other provincial highways and miscellaneous activities.

The report shows that in January, the last month for which figures are available, a total of 1,232,390 persons received relief in Canada. These included heads of families and dependents.

A summary of relief legislation since the 1930 act indicated that in the six years the Dominion had spent \$204,838,007 on unemployment relief.

In addition to that a total of \$126,353,523 had been loaned to the four western provinces and the Canadian Pacific Railway. These loans were still outstanding. The C.P.R.'s portion was small, \$2,447,222.

Reason To Believe Canada's Wheat Sales Will Show Increase

Ottawa.—In the face of a combination of circumstances giving rise to a pessimistic outlook on the world wheat market, the Dominion bureau of statistics monthly report finds reason to believe that Canada, with two-thirds of the total exportable supply of wheat, soon will be supplying a higher percentage of world demand.

Australia's exportable surplus has been reduced to 30,000,000 bushels and the prices have risen to a premium above most Canadian grades, the report states, and growing conditions in important European countries were less favorable than a year ago.

During the past month crop prospects had been reduced in Spain, Italy, Germany and the Balkan

Ransom Money Found

Discover More Than \$20,000 Of Lindbergh Money In Circulation Boston.—The Post says department of justice agents were concentrated in Massachusetts and southern New Hampshire after discovery that more than \$20,000 of the \$50,000 Lindbergh ransom money was found in this section.

Since Bruno Richard Hauptmann died in the electric chair at Trenton, N.J., for the kidnap-murder of Col. Charles A. Lindbergh's infant son, the money has appeared at two banks in Albany, N.Y., Northampton, Springfield, Worcester and Greenfield, Mass. Officials who declined use of their names said they believed bills are about to be cashed in southern New Hampshire.

The Post says indications were that persons travelling north-eastward from a point near Albany, N.Y., disposed of the ransom notes in bills of \$20, \$10 and \$5 denominations.

Upholds Right Of Doctor

Judge Rules Opinion On Scientific Facts Can Be Expressed

Winnipeg.—Ruling that a physician has the right to express an opinion on scientific facts, Justice T. Dennistoun in Manitoba Court of King's Bench directed St. Boniface hospital to pay three months' additional salary to Dr. Omer G. Hogue.

Chief medical officer at the institution, Dr. Hogue was given a month's salary and dismissed from his post last November for expressing an opinion on "mercy deaths." His claim for a year's salary was only partly allowed in the judgment announced.

There was no evidence to show Dr. Hogue was bound by any moral code to refrain from expressing his opinion, Justice Dennistoun ruled. A professional man, he added, has a right to express himself on scientific facts.

Railway Fare Reduction

Decrease In Passenger Fares Announced For June 1st

Montreal.—A substantial reduction in railway passenger fares in Canada will become effective on June 1, it was announced by C. P. Riddell, chairman of the Canadian Passenger Association. Basic fares for first class coach travel are being reduced approximately 13 per cent, bringing them approximately to pre-war level.

Day coach tickets at the new rates will also be good for passage in "tourist" sleeping cars on payment of regular berth fares for that class of accommodation. Round trip tickets will be good for six months instead of the present limit of 30 days. There will be a reduction in costs of standard parlor and sleeping car accommodation.

Prayer Of Thanksgiving

Halifax.—A prayer of thanksgiving rose from the historic speaker's seat of the Nova Scotia legislature as the white members bowed their heads and thanked God for the deliverance of two men from their underground cell at the Moose River gold mine after 10 days' imprisonment.

To Meet Defence Program

Extra Expense Means Higher Taxes For British People

London.—Neville Chamberlain's fifth budget, providing for increased taxes to meet the government's vast defence program, was generally received by the press as unexpectedly severe, but was accepted with Spartan resignation and approval of the orthodox decision to meet the whole of the increased expenditure from revenue.

Commentators related the proposals received a gloomy reception in the house, where it was apparent many Conservatives hoped the chancellor of the exchequer would raise the defence loan earlier than now planned, while others considered the chancellor would have been wise to suspend the sinking fund rather than increase taxation at a time when industry is recovering.

A majority of morning newspapers agreed, however, it was best to bring home to the country the real meaning of the defence program. Besides raising the income tax, the chancellor increased the duty on tea by two pence per pound, an increase of 50 per cent. A duty on imported larger beer was also proposed. As a concession to small-income groups the income tax exemption for married men was raised from £170 to £180 and the exemption for each child increased from £50 to £60.

Coming To Vancouver

Lord Mayor Of London Has Accepted Invitation

London.—Sir Percy Vincent, Lord Mayor of London, announces he had accepted an invitation to visit Vancouver in connection with the celebration this summer by that city of its golden jubilee of the granting of its charter.

The Lord Mayor in the course of his visit will unveil a statue to Captain Vancouver, founder of the British Columbia city. He also will visit Ottawa on his journey across Canada.

Sir Percy informed the corporation of the city of London he had accepted the invitation sent him by Vancouver civic authorities with the consent of the king.

He added he had received the cordial endorsement of Prime Minister Mackenzie King and that he had also discussed the matter with the Dominions Secretary, Malcolm MacDonald.

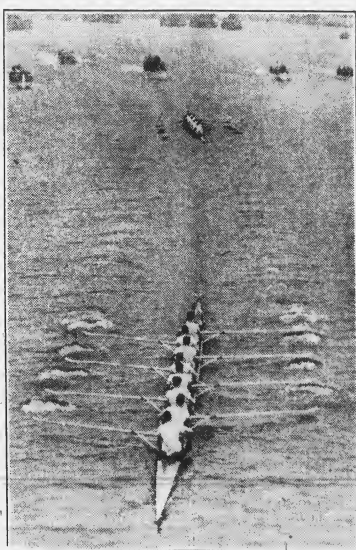

Sugar Refinery For Manitoba

Winnipeg.—Manitoba's first sugar beet refinery will be located at Morris, construction of the plant getting under way this summer, Louis Veillard of Veillardville, Sask., said. The Manitoba government, he said, will guarantee the refinery's bonds.

Going Back To Germany

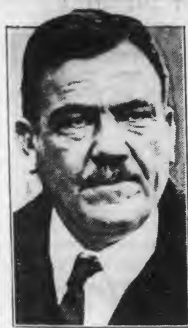

New York.—Mrs. Anna Hauptmann is going back to Germany late in June, she said. "But," she added, "I shall return again to America to haunt some people in New Jersey until the Lindbergh kidnapping is cleared up."

OXFORD TRAILS CAMBRIDGE IN FAMOUS ANNUAL

Although Oxford put up a good fight in the first two miles of the annual heat race with Cambridge University, it soon became a procession. Led by the Light Blues leading the way by five lengths and staying there. Our picture shows Cambridge leading Oxford at Barnes Bridge.

ENLARGED

Former President Calles of Mexico, who has been forced into exile by the Lefist Government. Calles, whose 11-year rule of turbulent Mexican politics once won him the title of "strong man," was placed aboard a Texas-bound airplane with three of his followers.

Highway Construction

Tenders Called For Work On Alberta Roads

Edmonton.—Hon. W. A. Fallow, minister of public works, announced that tenders had been called for the construction of a 26-mile standard grade and gravel highway from Lethbridge to Iron Springs, via Picture Butte. It would provide an outlet for the new sugar factory in that area, he said.

Mr. Fallow said that 31 miles of "blotter," or oil-coating, and 15 miles of "seal" coating on the highway between Calgary and Banff must be completed by July 1, thus completing a hard-surface road from Calgary to Banff park boundary.

Also planned for later in the year is hard-surfacing of the Calgary-Okotoks highway.

Fifty miles of road on the Calgary-Edmonton highway south from this city to Westaskin will be rebuilt "as it is falling apart." Twelve miles of this would be over new ground so as to eliminate "Death Crossing," a level railway crossing, scene of several fatal accidents.

Would Block Italian Ships

Closing Suez Canal Was Suggested In British House

London.—Geoffrey Mander, grandson of the late H. N. Paint of Halifax, suggested in the House of Commons that Britain stop the Italian-Ethiopian war by closing the Suez Canal to Italian vessels.

Replying, Viscount Cranborne, under-secretary for foreign affairs, said such action would be "heroic, but is not collective and would not meet the present crisis."

Mander further suggested Britain should withdraw from the League of Nations if France refuses to participate in new sanctions against Italy.

Air Mail Service Across Canada Is Again Considered

Defending Law And Order

Great Britain Is Keeping An Eye On Palestine

London.—Great Britain will defend law and order in Palestine at all costs and will not be deterred by racial rioting or threats of any kind. J. H. Thomas, secretary for the colonies, told the House of Commons. "Maintenance of law and order is a matter exclusively for His Majesty's government and will be enforced against anyone breaking the law," he said.

Mr. Thomas gave the official list of casualties in recent Palestinian disorders as 18 Jews and five Arabs killed, 75 Jews and 72 Arabs injured.

(Unofficial estimates in Jerusalem ranged somewhat higher, with 17 Jews and 12 Arabs reported dead.)

Britain exercises rigid control over arms imports into Palestine, he assured the house.

"No firearms or ammunition may be imported into Palestine except on a non-transferable permit from the district commissioner, who may at his discretion refuse it," Mr. Thomas declared.

End Of Dry Cycle

United States Weather Men Speculate On Drought Conditions

Washington.—Weather bureau experts speculated on the possibility the United States 25-year drought cycle had ended, but with the reservation that "only time can tell."

The weekly weather bulletin said drought conditions were severe in Oklahoma and that western Kansas was "still extremely dry." Little or no rain fell in Arkansas and rain-falls brought temporary relief from dry weather in Texas.

But nevertheless, the scientists said they were wondering whether the country might be entering a cycle classed as "cold and wet."

About this stage a year ago, it was said, the scientists had little reason to believe the cycle was ending and the indications were dry weather might continue.

But the last week was classed as decidedly wet and cold over most areas, causing speculation over the end of the dry cycle.

Bill Will Be Reviewed

Suggestion To Remonetize Silver Through Bank Of Canada

Ottawa.—A bill to remonetize silver through the Bank of Canada was introduced in the House of Commons by Thomas Reid (Lib., New Westminster). Speaker Casgrain said he would review it to see if it came within the competence of a private member.

Under the Reid Bill the bank would be empowered to add silver to its currency reserve in the same way as gold. The bank then would issue silver certificates against the silver. In addition, the bank would have power to purchase newly-mined silver on instructions of the finance minister.

Churchill Warns That Europe Is Approaching Climax

London.—Charging Germany had spent \$4,000,000,000 on armaments in 1935 alone, Winston Churchill, with a peroration which held the House of Commons spellbound, concluded his speech in the budget debate with a warning that Europe was approaching a climax.

"I believe that climax," he declared amidst tense silence, "will be reached in the lifetime of the present parliament. Either there will be a melting of hearts and a joining of hands between the great nations, which will release for us a glorious era of the age of prosperity which is now within the grasp of millions of toiling people, or there will be an explosion—a catastrophe, the cost of which no imagination can measure, and beyond which no human eye can see."

"I believe also that a strongly armed Britain, resolutely and valiantly led, seeking nothing but peace, but ready to run risks for peace

may conceivably turn the dread scale between a blessing and a cursing of mankind."

He sat down amidst loud cheers from the crowded benches. The additional \$100,000,000 provided in the budget for bolstering the country's defences, Churchill declared at the outset of his speech, "proclaims the failure and indecency of the defence efforts of this year." He went on to make striking allegations regarding Germany's armament expansion.

From the most reliable sources, Churchill told the house, he had learned that from the end of March, 1935, to the end of June, 1935, there was an increase in the German public debt of a minimum of 7,000,000,000 marks. To this must be added the yield of increased taxation, amounting to a further 5,000,000,000 marks. Therefore, he went on, the minimum expenditure for the 2½ years now current budget expenditure was 12,000,000,000 marks.

NOTES AND COMMENTS

WITH MEN of grit, possessing mental and physical courage, the more difficulties and harrowing experiences they encounter, the harder they will fight to win. Three men were entombed in a Nova Scotian mine. One succumbed from pneumonia, two kept each other cheered up for ten days while confined in a small space 150 feet below ground. While they in their dark prison must have wondered what the result would be, brave men working from the surface risked their lives to rescue the imprisoned men. Comrades all under the skin. It took grit to overcome the inertia resulting from being without food for ten days, and it took lots of grit on the part of those miners who dared all the hazards of tunnelling in unsafe earth to win through. A fine example of comradeship and courageous valor, which the whole world applauded.

COURAGE and tenacity of purpose are also required to win against adverse circumstances in daily life. The weaker go to the wall, because they have not the power to withstand or overcome the difficulties that beset everyone's path at intervals during their lives. Some lay back with the impression the world owes them a living, a false idea which has been to some extent preached by propagandists who reach for the ideal yet overlook the practical nature of things. Nature's fundamental laws cannot be ignored, despite advances in man's methods of production, invention and labor-saving devices. Nature bids you work or suffer; often you have to suffer as well as work, but Nature will not give her rewards to those who will not work or use their intelligence to overcome their difficulties.

VERY FEW people use their brains to anything approaching their capacity. The mind governs, yet imagination is dulled and effort stultified because the line of least resistance is the easiest to drift along. Hence, the large army of the mediocre, and very few leaders or field marshals. Man to a great extent shapes his own career.

PREMIER ABERHART possesses the saving grace of humor. "If you were to put me in a cage and travel me as an exhibit, imagine the crowds that would come to see me," he stated in his broadcast on Sunday afternoon. He was referring to an Ontario newspaper which stated if his prophecy of the Messiah coming in 1943 proved correct, what would be the use of paying life insurance premiums or issuing long term bonds. He stated that he felt fully renewed in vigor and enthusiasm after his ten days holiday at Vancouver, and was pleased to get back to Alberta with its sunshine and spirit of optimism which was far more marked in this province than in British Columbia. He addressed the Canadian club in Vancouver, and stated that many business men came to him after and told him that even if he could not put into effect his Social Credit theory, they admired him for his sincerity, and wished him success in his efforts.

SOMETIMES a newspaper receives a hot letter, but others get them, too. Here is a sample received by a rate collector:

"If you were scalded, scraped and fumigated, the leopard spots would still be on your polluted carcass. If ever there was an Ananias, a Judas Iscariot, a Pontius Pilate, commend me to the rate collector of—." This is an extract from a letter written by a disgruntled ratepayer. (not in Coleman)

SPRING clean-up should apply to lanes and alleys, cow-barns and stables. If a town resident tries to maintain cows in the backyard with their attendant smells and fly-attracting proclivities, he constitutes a nuisance to his neighbors. There are evils of this kind existing which well might be eliminated in the spring clean-up. People who are fond of livestock have plenty of room to indulge in their fancies in the wide-open spaces without inflicting foul smells and disease-spreading flies on all and sundry living around them. Its time for a clean-up and the public generally can help.

DOWN deep in your being you must light an urge that can never be put out. The world is full of unused talent. The reason it is unused is because the individuals who possess it, haven't the courage to use it. H. G. Wells says that the only true measure of success is the ratio between what we might have done and might have been, on the one hand, and the thing we might have made of ourselves, on the other. My experience has convinced me that inner growth and broadening personality come from Daring and Sharing.—From "I Dare You" by Lloyd C. Douglas, author of *Magnificent Obsession*, and published in the magazine, *Canadian Business*.

DRAEGERMEN is a word which caused many to turn up dictionaries to find the meaning of in reading of the rescue efforts in the Moose River affair. The rescue teams engaged in the work used equipment invented for combatting

SENTENCE STIMULANTS

The man who is self-master
enough to keep cool mentally
seldom gets hot around the collar.
Moreover, those who work with
him do not require so much fan-
gling.

A good deed a day makes a man
more confident in facing the facts
of life. He knows he is a surplus
man—a man with more than
enough energy and ingenuity for
his own immediate needs.

When we read that the world's
great and good often climbed the
ladder of success on an empty
stomach, most of us figure we don't
care much for this "round by
round" stuff.

Mrs. J. W. Boulton of Leth-
bridge, was a recent guest of Mr.
and Mrs. Sidney Short.

Several of the University stu-
dents from the Pass towns re-
turned home on Saturday night.

Mr. Wm. Bennett of Calgary
has been visiting his daughter,
Mrs. Reg. Hay, during the week.

A party of gipsies were in
town Saturday afternoon for a
short stay before proceeding on
their way east.

John Honsen sr., returned
from the coast during the week-
end, having vacationed there
during the past winter.

Fay Grant's letter from Leth-
bridge for the mis-spelt word
competition arrived too late to
be included in the drawing last
week.

Margaret Vincent was a re-
cent visitor at Creston where
she was the guest of her grand-
mother, Mrs. H. Campbell.

Editor Bartlett of the Blair-
more Enterprise has been hand-
icapped for some weeks with an
attack of rheumatism.

Joe Wavrean of West Cole-
man returned from Lethbridge
Saturday afternoon driving a
1936 Plymouth.

Mr. George Booth was a Fer-
nie visitor last week. He was
representing Coleman football
team at a league meeting.

Miss Beth Moores, who left
recently to enter Calgary Gen-
eral hospital, became a victim of
the mumps shortly after her ar-
rival there.

Two of Coleman's popular
young people will be united in
holy matrimony this evening
when Miss Joy Ferguson will
become the bride of Rudolph
Kwasnie.

The Provincial Institute of
Technology and Art is offering a
scholarship of \$10, as payment
of fees for tuition at a summer
school to be held at Banff from
Aug. 3 to Aug. 21. Full details
may be obtained on applying to
Journal office.

Two collie dogs were playing
together on the C.P.R. tracks on
Sunday afternoon as the passen-
ger train was drawing up to the
station. One managed to escape
but the other was caught under-
neath. It jumped frantically
about for a moment, trying to
make an escape. Just as it went
to jump from under the moving
cars a big wheel plowed over the
little body and severed it. In a
flash the dog was lying dead and
its body mangled.

Local News

Mr. and Mrs. E. Hill of Grafton moved to Sixth street on Friday where they will reside permanently.

Mr. and Mrs. N. Smith of Lethbridge were the guests of Mr. and Mrs. J. Derbyshire on Sunday.

Herb Snowdon was awarded the contracts for painting the interior of the Miners' hospital and the Coleman Hardware.

A Mother's tea will be held in the Salvation Army hall, Saturday, May 2 from 3 to 6 p.m. Carnations will be sold along with articles made by the boys girls of the Legion. Everyone is invited.

Mrs. Wm. Bell and Mrs. J. Kinnear were joint hostesses at a shower held for Miss Joy Ferguson, on Saturday evening. Six tables of bridge were played prize winners being Mrs. D. Webster, Mrs. J. Richards and Mrs. H. Garner. Many beautiful gifts were brought in, in a decorated clothes basket, which was also a gift for the bride-to-be.

Dick Hincks of Calgary, representative of the provincial tennis association, addressed a meeting of tennis enthusiasts at Blairmore recently and advocated forming a league between Coleman, Blairmore and Bellevue with the idea of developing players to compete in the provincial tournaments. Mrs. L. Lindoe and George Jenkins represented Coleman.

Mr. E. O. Duke, during his visit last week, stated that he resigned the principalship of Canmore schools at the end of the year, though advised not to do so by his friends. In view however of the attitude of the school board and the union, who were against a man holding two jobs, he decided it would be best to resign, and to devote his energies to the task of attending to the duties as representative of Rocky Mountain constituency. In other constituencies, where the member happens to be a teacher, some are still retaining their positions, and in one constituency a member's wife teaches school during his absence on legislative duties.

Weekly Newspapers Convention in Winnipeg

At the semi-annual meeting of directors of the Canadian Weekly Newspapers Association held at the Chateau Laurier, Ottawa, on March 26, it was decided that the annual convention for weekly newspaper publishers of the Dominion be held in the Fort Garry hotel, Winnipeg, during the second week in July. A side trip to the summer resort at Minaki, on the C. N. R., was also proposed.

A CHAT ON CHATTING

(An editorial in the Rotarian Magazine)

Conversation is said to have three levels. On the lowest level, one talks about things; on the middle level, about people; and on the highest level, about ideas.

It is difficult to imagine an intelligent conversation that does not run, at times, on all three levels, and the best around-the-table talk seldom stays on one. But every conversation appears to have a fairly specific, if not easily reckoned, value.

Wouldn't, for example, a discussion of the antecedents of the new mayor seem a little more consequential than an over-the-soup symposium on the latest in ash trays for 1936? And wouldn't a discussion on whether or not freedom is a myth seem somewhat more significant than that concerning the mayor?

Of course, the completely tolerant man, to whom all things, all people, and all ideas are interesting, may protest that all human utterances, however unintelligible, are important. But even he, it seems likely, would agree that "the man who knows how to talk, knows when."

"Salute to the Modern Newspaper"

\$500 Cash Prize Offered for Radio Script—Also a Trip to New York for the Writer of Script Adjudged Winner.

The part that the modern newspaper plays in the life of the community will be the subject of a radio program to be broadcast through the courtesy of the National Broadcasting Company early in July.

Occasion for this wide tribute to the publishing industry is found in the fiftieth anniversary of the invention of the linotype. It was this key invention that freed printing from the limitations of hand work and made possible the development of the newspaper in the form we know it today.

A prize of \$500 and a trip to New York has been offered by the Mergenthaler Linotype Co. for the 30 minute radio script which best dramatizes newspaper development over the last fifty years.

This paper will be glad to furnish the rules of the contest to any of its readers who wish to compete for this award.

Couldn't Take It

Here beneath three feet of earth, Lies a man who died of mirth—An editor who was surprised, One week he wasn't criticized.

—Cass County Democrat.

Mrs. Joe Ryman, of West Coleman, fell heavily to the ground Monday afternoon, breaking her arm.

"Once you drive a Hudson ... no other Eight will do!"

"And here is a car that will STAY in style!"

EVERYWHERE our local Hudson owners are performing anything on the road ... in traffic, on hills, effortless all-day travel.

The reason? Because this Hudson has more power than any other Eight within hundreds of dollars of its price ... and the smoothest automobile motor built. No vibration at any speed ... longer life for the car ... less "wear" on the driver!

They are telling, too, how much more comfort there is, front seat or back, because this new Hudson Eight has more length, more rear seat room, leg room, head room, than any other popular Eight.

They are praising Hudson's easier, safer way of driving, too ... with the Electric Hand. Gear shifting at a finger flick, without taking their hands from the wheel. And at last, real comfort for three to ride in front ... with a floor all clear of gear and brake levers.

Let us show you what other owners have found out about Hudson economy and long life. Then take your "Discovery Drive" in a Hudson Eight with the Electric Hand.

WORLD HAPPENINGS
BRIEFLY TOLD

Mail service of 14 days from England to South Africa is specified in contracts entered into by the British post office department.

Medical reports disclosed that 1,400 persons died of cholera in Siam from the beginning of the outbreak in February to mid-April.

A swarm of stingbees has arrived in London from central Africa for experimental purposes and some will be released to see if they are homers.

Italy has lost \$150,000,000 in gold—almost half her previous bullion reserve—since the outbreak of the Ethiopian war, the financial newspaper L'Information declared.

The sixth annual report of the National Radium Commission says Britain's radium is running out and more is badly needed to carry on the treatment of cancer.

A cargo of fur valued at close to \$100,000 reached Edmonton by train from McMurray to where it had been flown by northern aeroplanes from various ports.

South African motorists need expect no relief from taxation till the roads are put into thoroughly good order throughout the country, highway officials have intimated.

The Canadian Shipping Act, one of the most voluminous acts ever passed by the Canadian parliament, will come into force on Aug. 1, Marine Minister Howe stated at Ottawa.

Automobile accidents for the first two months of this year increased 11.6 per cent. over the same period last year, according to announcement by the Ontario motor vehicles branch.

Government statistics, which state that seven years have been added to the expectation of life since 1911, say London's suburban residents are healthier than the rest of England's people.

Wheat Exports Increase

Increase In Both Volume And Value Is Shown

Canada's exports of wheat in the fiscal year ended March 31, showed a substantial increase in both volume and value compared with the previous year, the Dominion bureau of statistics reported. At the same time wheat floor exports showed a decline in quantity and an increase in value.

Exports of wheat amounted to 179,124,180 bushels, worth \$148,576,885, or an average of 83 cents per bushel, compared with 165,701,885 bushels at \$132,441,685, an average of 80 cents per bushel in the preceding fiscal year.

Wheat floor exports totalled 4,858,947 barrels, worth \$19,382,617, an average of \$3.99, against 4,936,827 barrels at \$15,350,040, an average of \$3.72 per barrel in the fiscal year ended March 31, 1935.

Boy Scout Meet

World Jamboree To Be Held In Holland Next Year

The fifth world Boy Scout Jamboree will be held in August, 1937, at Bloemendaal, near Haarlem, Holland, according to official announcement received by Dominion headquarters of the Boy Scouts Association.

Plans are under consideration for acceptance of Holland's invitation and the sending of a Canadian contingent of scouts and scoutmasters. It was stated the Netherlands government will mark the event by the issue of a special jamboree postage stamp as was done by Hungary for the previous jamboree held there in 1933.

Advice To Teachers

Teachers must abandon their apologetic attitude toward the profession and the public discard its conception of the "teacher type," declared Dr. G. W. Kerby, principal of Mount Royal College, Calgary, in an address at the Alberta Teachers' Association convention. Dr. Kerby declared the attempts made by some communities to keep the teacher's social life in a narrow sphere. It had been too frequently the case that the community set the teacher aside from life, he added.

"Bring me a bowl of clear soup and a large screen," ordered the man with the new set of false teeth. "Why the screen, sir?" asked the waiter.

"So I won't be able to see that fellow at the next table eating a porthouse steak."

New Zealand has no native mammals, except bats.

Jack Miner Foundation

Ontario Government Gives Royal Assent To The Incorporation Bill
In 1931 The Jack Miner Migratory Bird Foundation was incorporated in U.S.A. Last week the Ontario Government put through special legislation, known as "The Jack Miner Bill," giving royal assent which incorporates the said foundation in Canada, and allows the said foundation to do business, such as soliciting contributions and bequests, and owning land in Canada as bird sanctuaries.

Jack Miner has agreed to give his home and bird sanctuary to the said foundation, when men and women have contributed enough funds to The Jack Miner Foundation to assure him the place will be kept on a perpetual basis.

All monies, such as gifts or bequests, are to be held in trust, and only the annual interest is used to pay the upkeep and expenditure on The Jack Miner Bird Sanctuary.

The object of the foundation is to "educate" instead of "legislate." More education and less legislation. The Ontario Government giving its royal assent, assures the contributing public that the legal set-up is on a solid basis, and that there can be no money mis-used in any way, as all gifts and bequests are to be held by a trust company and invested in government bonds.

Jack Miner's Bird Sanctuary is known the world over, and now the establishment of The Jack Miner Migratory Bird Foundation will make it more like his place in the international park, and his life work will be carried on by the interest from monies contributed by donations or bequests to the said trust fund, known as The Jack Miner Foundation.

Jack Miner says "Is it not as sane for his wealthy friends to have a few hundred thousand dollars to The Jack Miner Foundation, where birds can always be seen alive and saved from extermination, as it is to leave several millions to museums where only dead, stuffed specimens can be seen in glass cases?"

Jack Miner being so well known to all the men and women who perpetuate his home and bird sanctuary will become as famous as Jack Miner throughout the world, and their names will go down in history with Canada's well known bird lover, naturalist, philosopher, lecturer and author. The slogan among Jack Miner's friends is "When making your will you will remember The Jack Miner Migratory Bird Foundation."

Has Strange History

Centuries Ago Dying Woman Founded Tichborne Dole

A strange history attaches to the "Tichborne Dole," which was recently distributed at Tichborne Park, Alresford, by Sir Anthony Tichborne. Centuries ago a Lady Tichborne, when on her death bed, asked her husband to set aside money to provide for an annual gift to the poor in her memory. Her husband, by no means a model character, snatched a blazing brand from the fire and told her he would set aside the revenue from as much land as she could walk round in one hour as the brand burnt out. She accepted the challenge, had herself carried out, and contrived to crawl on hands and knees in a circle enclosing several acres before the brand spluttered out. The "Dole" is distributed in four, and even during the war years it was continued by special permit of the Food Controller.

Reclaiming Land From Sea

The British colony, Port of Spain, Trinidad, is being enlarged at the expense of the Atlantic ocean. Already 80 acres of land have been added to the area as the result of reclamation work being carried out by the Trinidad government. S. R. H. Beard, resident engineer, stated reclamation work was not yet half finished and was progressing at a satisfactory pace.

"Why did you tear the back part out of that new book?" asked the long-suffering wife of the absent-minded doctor.

"Excuse me, dear," said the famous surgeon, "the part you speak of was labelled 'Appendix' and I took it out without thinking."

In one part of the Near East we are told, a husband ties a stocking round his wife's chin if she is talkative. This is certainly more humane than a sock on the jaw.

PRIVATE J. BULL: "We can't go short-handed! We'll help to man the gun!"

A Rare Occurrence

St. Paul's Cathedral Had Third Burial Within Six Months

The rare incident of a third burial within St. Paul's Cathedral in six months happened April 18, when Louise Creighton, widow of a former Bishop of London who died in 1901, was buried beside her husband in the crypt.

It is doubtful if any woman has been buried in St. Paul's since the great fire in 1666. Mrs. Creighton was 85. Her husband was regarded as one of the greatest historical scholars of his generation. His wife possessed impressive intellectual gifts, her biography of her husband having been considered a masterpiece.

After her husband's death King Edward VII. granted her apartments at Hampton Court palace. Subsequently she removed to Oxford. Her husband was the immediate predecessor of the present Bishop of London.

The other recent burials within St. Paul's were those of Lord Jellicoe in November and Lord Beatty in March.

Too Highly Rated

Health Value Of Spinach Is Not Very Great

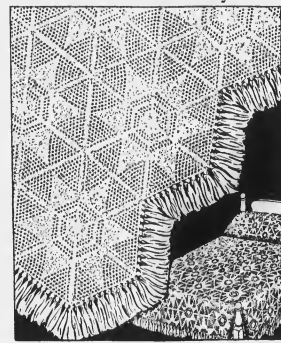

Good news for spinach haters! The leafy vegetable, obnoxious to many, but with a widely heralded health value, is losing its high standing, discussions at the opening session of the American Institute of Nutrition at Washington revealed.

Spinach has been considered a valuable food because it has a high content of blood and bone building iron and calcium. Less than half of the iron content of spinach, however, and less than a third of its calcium are in a form that can be used by the body, it appears from a report by Dr. M. K. Horvitt and G. R. Cowgill of research made by them at Yale University with the late Prof. L. B. Mendel.

Must Be A Record

Mariners at Saint John, N.P., have found a record which rivals that of a Budapest barber who claims to have shaved a man in 28 seconds. They produce the record of James S. Pitt, former Saint John resident who died in Cambridge, Mass., who claimed he shaved a man and ran 100 yards in one minute. Mayor Brooks of Cambridge once offered \$500 to anyone who could break Pitt's record, say the old-timers.

Here's a Six-sided Way To Beauty

PATTERN 5584

Is it an heirloom? Admiring friends will ask. And how proud you'll be to say you made it all yourself, both quickly and easily. Just follow the clear directions for the easy-to-knit triangles, which repeated and joined form a striking, six-sided meditation. If knitted in string, you'll find your bedspread, cloth, pillow top or scarf is doubly durable.

In pattern 5584 you will find complete instructions for making the triangle shown; an illustration of it and of the stitches needed; material requirements.

To obtain this pattern send 20 cents in stamps or coin (coin preferred) to Household Arts Dept., Winnipeg Newspaper Union, 175 McDermott Ave. E., Winnipeg.

There is no Alice Brooks pattern book published

SUNDAY SCHOOL LESSON
MAY 3

JESUS TEACHES FORGIVENESS, HUMILITY, AND GRATITUDE

Golden text: Be ye kind one to another, tenderhearted, forgiving each other, even as God also in Christ forgave you. Ephesians 4:32.

Lesson: Luke 17.

Devotional reading: Philippians 2:1-11.

Explanations And Comments

The Sin of Cursing Others to Sin. Luke 17:1, 2. It is inevitable that hindrances should come (Moffatt's translation); but who unto him through whom they come!

Better were it that he should be put to death, than that he should cause one of these little ones to stumble. By "these little ones" Jesus refers affectionately to those disciples who were weak enough to be easily led astray.

The Duty of Forgiving, Luke 17:3, 4. "Probably the Evangelist intended no connection between this and the preceding utterance. But we may think of the connection in three ways: the unforgiving spirit is given as an instance of the occasion for stumbling; there may be a contrast intended between our severity to ourselves and our tolerance to others; or to the lesser duty of doing no ill to another may be joined the greater of forgiving the ill others do." (A. E. Garvie).

The Power of Faith, Luke 17:5, 6. "The sin you say, that is good talk, but it will take more faith than I have now to believe that things will work out that way." That is just what the apostles thought. They asked the Lord to increase their visible supply of faith" (S. D. Gordon).

Jesus replied to the disciples that if they had any faith at all comparable even to a grain of mustard seed in obeying they could accomplish the seemingly impossible, which is expressed by the words "Ye would say, 'Lord, increase our faith.'"

The Duty Without Boasting, Luke 17:7-10. "This appears to have no connection with the saying of the Lord, unless it be that in the apostles' request Jesus detected the suggestion that he was making unwarranted demands on his followers, and thus he rebukes the complaint by asserting his unlimited claim" (A. E. Garvie).

A Lesson on Gratitude, Luke 17:11-19. As Jesus and his disciples were on their way to Jerusalem, traversing the borders of the two districts of Galilee and Samaria, they entered a village and were met by ten lepers who stood afar off as prescribed by law (Lev. 13:45, 46; Num. 5:2) to prevent infecting others with their loathsome disease. Jesus, Master, have mercy on us." Jesus bade them show themselves to the priests as they went, and they were cured. They were to get their "bill of health," receive the priest's declaration that they were free from leprosy and might mingle with other people. Obedience to the command required that the ten lepers obeyed and on the way they found their disease had vanished. True it was for them, as Dr. J. J. Sawyer says, that "Faith begins as an experiment and ends as an experience."

Samaritans were hated and scorned by Jews, but misery like company, and in that afflicted group the Samaritan. And the one place in Jerusalem to-day where the fierce hatred of Jews and Samaritans is buried is in the house. As soon as this Samaritan perceived that the disease had left him, he returned to fall at the feet of Jesus and pour out his expressions of gratitude. And Jesus answering said, "Were not the ten cleansed? but where were nine? Where were nine found that returned to give glory to God, save this stranger?" And he said unto him, "Arise, and go thy way: thy faith hath made thee whole."

Has Proved A Success

Panel Heating Is Now Widely Employed In England

Panel heating, the most recent departure in heating methods since the central heating plant came into use, is now widely employed in England. Hot water is circulated through coils of steel pipe concealed in the ceiling, from which heat rays are sprayed downward.

Unlike all other methods, by which the air itself must be heated to around 72 degrees for comfort, panel heating produces the same pleasant sensation of warmth as the sun, at an air temperature of 65 degrees. Because of this, the warmth of the invisible rays is retained longer by the skin and clothes, windows can be opened oftener to dispel any discomfort or dryness.

Cost of installation is high, but operating costs show savings as high as 25 per cent.

Vice-Regal Visit To West

The Governor-General and Lady Tweedsmuir will be in residence at the vice-regal quarters Quebec citadel from early in June until the beginning of August, it was announced at government house. During that time they will be touring the maritime provinces. The vice-regal party plan leaving about August 6 for British Columbia where His Excellency will open the Canada-Pacific exhibition on August 26.

YOUR GARDEN

Even with the most fertile and open soil, expert gardeners stress the importance of thorough cultivation.

The preliminary jobs will usually be done with a spade, or digging fork where space is limited, but in the country where land is still valued by the acre a horse or tractor-drawn plow will be used. At least once during the year, and better still twice, the soil should be thoroughly turned over. Later on just before seeding it is usually best to rake or cultivate finely, in order to break down all lumps. The effect of frequent light cultivation is twofold. It will destroy weed growth, thus conserving the fertility and moisture used by these unwanted plants and it will also conserve moisture from evaporation which is always more rapid in hard, packed, uncultivated soil.

Where the area devoted to the garden is limited careful attention must be given to such points as distance between rows and between plants, so that a study of rotation of crops and time of maturity is of great value in planning the small garden. Such crops as radish and spinach will be grown in intercrops between the rows of later maturing crops like carrots or parsnips. Late sown crops may be planted between the rows of early maturing crops just before the latter are ready to harvest. A row or three of such plants as radish and lettuce may be grown on the same area. A succession of quick growing crops by planting at intervals is also desirable.

For quick results, an important point with the new garden or with property which is rented, annual flowers will make a very satisfactory showing. Annuals are indispensable, too, in filling in the gaps in the perennial bed which may have suffered severely from winter damage. In almost every section of Canada there are literally hundreds of varieties from which to choose. They are of almost every conceivable colour, shape and height. There are bushy plants like Dahlias which will make excellent backgrounds to serve the purpose until the permanent shrubs assume full size. There are climbing ones such as the Scarlet Runner Bean, Nasturtiums, Sweet Peas and others which will cover fences, screen verandas or even trail over walls. In the standard sorts heights range from the inch high tiny Alyssum to Sunflowers, which may reach six feet, vary from a foot or so to six feet. Many of these things can be purchased as seed in the early spring. For short cuts or unusually early results many annuals may be purchased as well started plants.

Guarded By Police

Former Chief Secretary For Ireland Receives Protection

It was revealed that a police guard is to stand outside the chambers in Gray's Inn of Lord Greenwood, chief secretary for Ireland during the stormy years of 1920-22.

Lord Greenwood, a native of Whitby, Ont., retired from politics in 1924, and now resides in the chambers in Gray's Inn of Lord Greenwood, chief secretary for Ireland during the stormy years of 1920-22.

These precautions date back to the turbulent period preceding the signing of the Anglo-Irish treaty of 1922, covering the Irish Free State. Lord Greenwood, then Sir John Greenwood, was the last person to hold the office of chief secretary for Ireland as it was abolished under the treaty.

Lord Carson, solicitor-general for Ireland in 1892 and a prominent figure in the pre-war political struggle between pro-British and Nationalist Irishmen, was likewise guarded until the day of his death a few months ago.

Carson constantly grumbled at the insistence of the police upon his carrying revolvers. He said it was a nuisance because it made his pocket bulge.

Old Theory Exploded

Drafts Or Wet Feet Cannot Give People Colds

Dr. J. A. Doull, director of the department of hygiene and public health of Western Reserve University School of Medicine at Cleveland, attacked a few time-worn teachings about the common colds in an address before the medical science group of the Ohio Academy of Sciences. According to Dr. Doull, "You can't catch cold by sitting in a draft."

You can't catch cold by stepping into a cold room after a hot bath. You can't catch cold by getting your feet wet.

You can't catch cold by rushing outdoors without an overcoat.

You can catch cold by infection only. The first automobile imported into the United States was exhibited at the World's Fair in 1893.

Why in Heck Don't You USE the NEWSPAPER?

If a member of your family died
would you send out the obituary
on a circular letter?

If your wife entertained would
you run a slide on the screen at
the movie?

If you were to enlarge your store
would you tell folks in a Hotel
Register?

If you were to have a wedding
in your home would you tack the
news on a telephone pole?

You can always get Genuine
Values at the stores adver-
tised on this page.

"WE'LL BE SEEN' YER!"

Mrs. L. P. Sullivan, wife of the
editor of the Cranbrook Courier,
left for an extended visit to her
old home near Lucerne, Switzer-
land. This would be a good time
for all other editors who know Mr.
Sullivan to pay him a visit. The
last time the writer saw him was
in Halifax, Nova Scotia, after a
somewhat confused journey
through the famed Annapolis Val-
ley. It was thirteen years ago.
Coming to the Crow's Nest Pass
a number of years after, we jour-
neyed to Cranbrook with our bet-
ter half to renew acquaintance
with Mr. Sullivan, but he was out
on a gold claim somewhere, which
apparently he was developing to
help in the attempt to win fame
and fortune and a princely re-
venue which newspapers do not usu-
ally produce.

Mrs. Sullivan has been a capable
helpmeet in the operation of The
Courier (one of the best weeklies
in the interior of British Colum-
bia) particularly in the business
office.

Incidentally, Fred Turnbull,
president of the Red Deer Advo-
cate, ex-mayor, past president of
the Board of Trade and the Rotary
Club, and this year president of
the Agricultural Society, was a
linotype operator on the Courier
before coming to Alberta.

You can have greater ambitions,
finer ideals and increased powers
of self-expression by wanting to
willing to and keeping at it.
